

## Low Cost 'FOOD' THERMOMETERS

Suitable for restaurant, kitchen, and retail use enabling users to meet with HACCP requirements and comply with the Food Temperature Control Regulations

### The 2006T Digital Thermometer with FT1010 Needle Probe

is our most popular 'food' thermometer and probe.

Thousands are in use across the UK monitoring food processes, supermarket food stocks, restaurant meals, cold store product temperatures, and transport (logistics).

Large, clear display  
Wide measurement range  
Accurate precise readings  
Fast response time

Plug-in Needle Probes are easily replaced and can be changed for other styles e.g. Between Pack, Air Probe etc.
