Panoramique Paper Recorders

Proven – Reliable – Portable

Panoramique mechanical, battery operated, paper-strip recorders are available with ranges and chart speeds to suit a wide range of applications in industry and research. Please consult our Sales Office to discuss your application

Ambient Panoramique (Temperature & Relative Humidity)

Paper-strip recording of temperature and relative humidity. Available with 1 or 2 channels.

- Temperature accuracy: $\pm 1\%$ of the MR with a minimum of $\pm 0.5^\circ\text{C}$; RH : $\pm 5\%$ RH (at 23°C)
- Measurement ranges : $-35^\circ\text{C}+45^\circ\text{C}$; $-25^\circ\text{C}+30^\circ\text{C}$; $0^\circ\text{C}+120^\circ\text{C}$; $-100^\circ\text{C}+50^\circ\text{C}$; $-35^\circ\text{C}+15^\circ\text{C}$; $-35^\circ\text{C}+15^\circ\text{C}...$
- Recording time: 24 hours, 7 days or 4x7 days; Recording medium : Pre-printed strip or roll
- Diagram movement : 2-speed quartz or mechanical clockwork; Power supply : battery 1.5V
- IP Rating: IP20; Fitted with a handle for easy transport.
- Complete with battery, fibre-tip pen and manual

Remote Panoramique (Temperature)

Paper-strip recording of temperature.

The Remote Panoramique measures temperature of liquids or gas. Available with 1 or 2 channels.

- Temperature accuracy: $\pm 3\%$ of the MR with a minimum of $\pm 2^\circ\text{C}$ (at 23°C)
- Measurement range : $-0^\circ\text{C}+120^\circ\text{C}$; $-30^\circ\text{C}+30^\circ\text{C}$; $-20^\circ\text{C}+50^\circ\text{C}$; $-0^\circ\text{C}+75^\circ\text{C}$; $-20^\circ\text{C}+40^\circ\text{C}$
- Recording time: 24 hours, 7 days or 4x7 days; Recording medium : Pre-printed strip or roll
- Diagram movement : 2-speed quartz or mechanical clockwork; Power supply: battery 1.5V
- IP Rating: IP20; Fitted with a handle for easy transport.
- Complete with battery, fibre-tip pen and manual

Pressure-Level Panoramique (Pressure & Level)

The Panoramique Pressure / Level recorder measures the relative pressure, and level of liquids.

- Pressure accuracy : (from 0,6 B to 60 B) : $\pm 1,5\%$ of the MR; low pressure: $\pm 1,5\%$ of the MR;
- Level accuracy : $\pm 1,5\%$ of the MR
- Pressure Measurement range : 0mb to +40mb ; 0mb to +60mb ; 0mb to +100mb ; 0mb to +250mb ;
- Level Measurement range: 0 to 4m
- Available with 1 or 2 channels.
- Recording time: 24 hours, 7 days or 4x7 days; Recording medium : Pre-printed strip or roll
- Diagram movement : 2-speed quartz or mechanical clockwork; Power supply : battery 1.5V
- IP Rating: IP20; Fitted with a handle for easy transport.
- Complete with battery, fibre-tip pen and manual
