

DISCONTINUED: TRACKER 211 with 1 Analogue Output and 2 Alarm Relays

Product Images

Short Description

A budget priced Digital Panel Indicator with process inputs for temperature and process measurement.

Description

The Tracker 211 is a digital panel meter for low cost "no frills" applications, but in demanding industrial environments. You can use the panel mounted Tracker 211 meter for measurement and display only applications or as an alarm trip and with the analogue output option, it can also act as a transmitter. An

alarm relay is fitted as standard with a further 2 available as options.

Key Features:

- Low Cost
- Universal Input for T/C, RTD, DC mV, DC Volt, DC mA and resistance.
- 10V and 24V DC Transmitter & Transducer Supplies
- One Alarm Relay Fitted as Standard
- Bright 4 Digit LED Display
- IP65 Front Panel
- Universal Mains Power
- Only 110mm Deep
- Standard 1/8th DIN Size

OPTIONS:

- Isolated Analogue Output
- Low Voltage DC/AC Power Supply Option
- Up to 3 Alarm Relays
- Green Display
- Available With or Without Front Panel Buttons

Additional Information

Country of Manufacture	United Kingdom
Promotion	This product has been discontinued. See the West P8010+ 1/8 DIN Process Indicator
Brand	Data Track Process Instruments
Display Colour	Red, Green
Display Digits	4
Input Type	Thermocouple, RTD, mA, mV, Vdc
Typical applications	Environmental (Indoor), Industrial, Non Specific
Measurements	Flow, Pressure, Temperature, Universal

Additional Options

Buttons	Blank Fascia
	Front Panel Push Buttons
Certificates	Certificate of Conformity
	Factory Calibration and Certificate
Power	90-265V AC mains power input
	12-32V AC or DC low voltage input
Display	Red Display
	Green Display
