

FT100/T Small Type T Needle Probe (Mini plug)

Product Images

Description

Type T Thermocouple Fast response (small probe diameter) Food Needle Probes of proven design for use with type T Thermocouple Digital Thermometers.

Specially designed for use in Food measurement but also suitable for many applications in industry and heating & ventilating.

Temperature Range: -40 to +250°C

Part Nos:

FT100/T/MP (Mini Plug)

Additional Information

Brand	Tempcon
Typical applications	Food Safety, HVAC, Industrial
Measurements	Temperature
Maximum Temperature Probe	250
