Product Images

Short Description

The SL490 offers a 4" chart and a digital display in a self contained portable enclosure.

Description

The SL4350 offers a 4" chart and a digital display in a self contained portable enclosure. The SL4350 was designed for applications where ease of use with a digital display and long-term temperature trend monitoring is important.

A great size (101mm) coupled with 2-3 year battery life makes the SL4350 temperature chart recorder a great temperature data collection tool.
