WRG23 Wireless Receiver and Software with Email and Text Alerts

Product Images

Short Description

This links the WTG30, WTG35 and WTG50 Wireless Data Loggers with your computer, thereby enabling you to receive all data automatically at your PC. No retrieving data from loggers, no hard wiring loggers back to your PC. This is the easiest and most cost-effective way to create a scalable monitoring network and includes the additional benefit of Email and Text alerts.

Description

This links the WTG30, WTG35 and WTG50 Wireless Data Loggers with your computer, thereby enabling you to receive all data automatically at your PC. No retrieving data from loggers, no hard wiring loggers back to your PC. This is the easiest and most cost-effective way to create a scalable monitoring network and includes the additional benefit of Email and Text alerts.

- Email and Text alerts
- Eliminates the need to change charts and pens
- Data automatically downloaded to your computer wirelessly
- Loggers continue to log in the event of a power outage

Additional Information

Brand	Dickson
