

# H971 Split Core Current Sensor

## Product Images

## Short Description

The Hawkeye H971 Current Sensor from Veris features a solid core housing and is ideal for new construction projects.

## Description

The Hawkeye H971 Current Sensor from Veris features a solid core housing and is ideal for new construction projects.

Range: 0-200 ADC

## Additional Information

---

|                      |  |
|----------------------|--|
| Brand                | Veris Industries   |
| Housing              | Split-Core   |
| Project Type         | Retrofit Project   |
| Range                | 0-200 ADC  |
| Typical Application  | DC Current Sensor, Analogue Output, DC Current Sensing, Bidirectional Monitoring |
| Typical applications | Energy, Environmental (Indoor)   |
| Measurements         | Current AC   |
