Short Description

Dickson's new line of Touchscreen Replaceable Sensors allow you to monitor temperature how you want, and calibrate how you want.

Description

Dickson's new line of Touchscreen Replaceable Sensors allow you to monitor temperature how you want, and calibrate how you want. When your instrument is due for calibration, simply order the appropriate Replaceable Sensor with the type of calibration you need. When you receive a new sensor in the mail, detach the old one, replace it with the new one, and then . . . you're done!

The RTHM is intended for use with the following DicksonOne data loggers: TSB, TWE, TWP, DWE.
