

Ohaus Scout SKX6201

Product Images

Short Description

Designed for education applications, the OHAUS Scout with large backlit LCD backed by education software is the ideal balance for your classroom. It is built to endure demanding classroom applications with superior overload protection. Features including, faster stabilization time, increased capacity, multiple connectivity options and stackable design make Scout the best weighing experience for the next generation classroom.

Description

Designed for education applications, the OHAUS Scout with large backlit LCD backed by education software is the ideal balance for your classroom. It is built to endure demanding classroom applications with superior overload protection.

Features including, faster stabilisation time, increased capacity, multiple connectivity options and stackable design make Scout the best weighing experience for the next generation classroom.

Integrated superior overload protection system rated at 10x capacity protects the balance in demanding

classroom environments. Space-saving design allows for stackable storage (excluding 1 mg model).

Combined with a simplified 4 button operation, the Scout's large backlit display increases readability in dim lighting conditions, and makes it easier to view results from across a desk or lab bench.

With expanded connectivity options including RS232, USB Host, USB Device, Ethernet and Bluetooth, the Scout provides added versatility to your data collection and transfer needs.

- Display: Liquid crystal display (LCD) with backlight
- Operation: AC adapter (included) or 4 AA batteries (not included)
- Communication: RS232, USB Host, USB Device, Ethernet or Bluetooth (all available as an accessory)
- Construction: ABS housing, stainless steel pan, ABS draftshield (1 mg model only), weigh below hook, transportation lock, manual calibration lock switch, security slot
- Design Features: Stability indicator, stackable design with included storage cover (excluding 1 mg model), mechanical and software overload/underload protection, low battery indicator, auto shut-off, auto tare, span calibration mass included on models up to 620g capacity
