

HOBO AC Power Adapter for 3rd Party Sensors up to 400mA @12vdc Power

Product Images

Short Description

The AC-SENS-1 is an AC power adapter that provides DC power to sensors that require it.

Description

The AC-SENS-1 is an AC power adapter that provides DC power to sensors that require it. This expands the range of 3rd-party sensors that can be used with Onset's HOBO [RX3000](#) and [U30-NRC](#) data loggers.

Input: 100-240VAC @ 50/60Hz 0.2A

Output: 12VDC @ 0.5A

Additional Information

Brand	Onset HOBO
Typical Application	Current Output: 4-20mA
Typical applications	Environmental (Indoor)
Compatible With	RX3000, U30-NRC
