

InTemp CX Internet Gateway - Remote Cloud-based Access to Your Data

Product Images

Short Description

The CX Gateway links your InTemp data loggers seamlessly to the InTempConnect cloud-based data platform to provide real-time alert notifications for InTemp loggers automatically.

Description

Just place the Gateway within a 100-foot range of one or more loggers and connect it to your local Wi-Fi or Ethernet. If an excursion occurs, alerts can be sent from InTempConnect via email and text message to a user-defined group of administrators.

In addition to flexible alarm notification capabilities, the CX Gateway can automate the process of downloading data from one or more InTemp loggers within range. It can automatically download from loggers at fixed intervals – daily, weekly or monthly – or upon arrival of shipments. This saves time and eliminates the need to remove loggers to download them. No more missed temperature data for your critical temperature-sensitive items.

Key Features of the InTemp CX5000 Gateway

- Notifies you of temperature excursions anywhere, anytime
- Reduces the risk of loss
- Reduces the amount of time spent on data logger download and compliance
- Automated remote data downloads from [InTemp CX400, 500, 600 and 700 Series loggers](#).

Additional Information

Country of Manufacture	United States
Explanation	For full specifications, please see the User Manual under the Resources tab.
	Transmission Range Approximately 30.5 m (100 ft) line-of-sight
	Wireless Data Standard Bluetooth 4.2 (BLE)
	Connectivity WiFi 802.11a/b/g/n 2.4/5 GHz or 10/100 Ethernet
	Power Source AC adapter
	Dimensions 12.4 x 12.4 x 2.87 cm (4.88 x 4.88 x 1.13 inches)
	Weight 137 g (4.83 oz)
	CE The CE Marking identifies this product as complying with all relevant directives in the European Union (EU).
Brand	Required Items <ul style="list-style-type: none">• InTempConnect cloud platform account• InTemp app• Bluetooth Low Energy-enabled iOS or Android device• CX series logger(s).
	Onset InTemp
Typical applications	Cold Chain, Food Safety, Life Sciences, Medical, Pharmaceutical, Vaccine Storage
Measurements	Temperature
