LI-COR Cloud MX Data Plans for HOBO MX Data Loggers - One Year Subscription (SKU: MX-Speed)

Product Images

Short Description

Provides cloud access and data management for MX loggers

Purchasing an MX data plan gives you access to LI-COR Cloud (formerly HOBOLink) remote monitoring platform's powerful data and user management tools by pushing data from MX loggers to the cloud using the

HOBObconnect app and/or an MX Gateway.

Description

Expand your data and device management by purchasing an optional MX Data Plan that connects your MX devices and data with LI-COR Cloud monitoring software's powerful data and user management tools.

Choose from two options of MX data plans: the MX-Speed and MX-Data. You can use the Cloud to manage your data for just a small annual fee per device.

To push your data to LI-COR Cloud, you can use either the HOBObconnect app or an MX Gateway.

MX Gateways configure to automatically offload data via WiFi or Ethernet from your MX logger to LI-COR Cloud, as well as send alerts with user-defined notifications/alarms, such as low battery, measurement excursions, and more.

Key Features

Visualise: LI-COR Cloud dashboard helps you visualise and identify trends

Aggregation: Aggregate data from all your loggers and stations to LI-COR Cloud using exports

Data Storage: LI-COR Cloud gives you secure data storage for up to 10 years

User Management: Control what users can view and do with devices from a central platform.

Choose from Two MX Data Plans

MX-Speed	Aggregate and Visualise MX data in the cloud Supports up to 4 measurements with 1 minute logging	MX 4 measurements 1 min logging
MX-Data	Aggregate and Visualise MX data in the cloud Supports up to 10 measurements with 5 minute logging	MX 10 measurements 5 min logging

Important Information: At least one MX logger, a compatible mobile device or Windows computer, Wi-Fi or Ethernet connection, and the HOBObconnect app are required.

Is an MX data plan required for MX data loggers?

No; in addition to accessing your data via Bluetooth and the free HOBObconnect app within 100 feet of loggers, MX data plans are offered to give you an ability to push your data to the cloud.
