INFRARED *FOOD* THERMOMETER

FoodPro

The Fluke FoodPro is a reliable and easy-to-use non-contact infrared thermometer for quick surface scanning of risky food temperatures. FoodPro quickly scans surface temperature and signals "safe" or "unsafe" readings with green or red HACCP Check lights. It is the perfect companion to contact thermometers tool for professionals engaged in food service organizations.

Features:
Simple press and read
LED illuminates measurement area
'Go/No-Go' lights indicate safe temperatures

Specification:
Temperature Range: -30ºC to +200ºC
Accuracy: 0ºC to 65ºC: ±1ºC
Below 0ºC: ±1ºC ±0.1 degree/degree
Above 65ºC: ±1.5% of reading
Response Time: ‹ 500ms (after first reading)
Emmissivity: Preset for food applications
Distance to Spot Size: 2.5:1
Working Range: 25 to 250mm
Minimum Target Size: 12mm
Ambient Operating Range: 0ºC to 50ºC (90% RH at 30ºC, non-condensing)
Battery/Life: One AA Alkaline battery/Min.10 hours
Dimensions / Weight: 150 x 30 x 50mm / 100g
Environmental: IP54

Order Information: FoodPro

INFRARED *FOOD* THERMOMETER + PROBE

FoodPro Plus

The Fluke FoodPro Plus Infrared Thermometer improves on the accuracy of the FoodPro combining Infrared Temperature scanning and a built-in Needle Probe into one easy-to-use tool for critical food measurements, making the FoodPro Plus the ideal choice for HACCP food safety

Features:
Simple press and read
LED illuminates measurement area
'Go/No-Go' lights indicate safe temperatures
Replaceable penetration probe

Specification:
Infrared Temp. Range: -35ºC to +275ºC
Accuracy: 0ºC to 65ºC: ±1ºC
Below 0ºC: ±1ºC ±0.1 degree/degree
Above 65ºC: ±1.5% of reading
Response Time: ‹ 500ms (after first reading)
Emmissivity: Preset for food applications
Working Range: 25 to 250mm
Minimum Target Size: 12mm
Ambient Operating Range: 0ºC to 50ºC (90% RH at 30ºC, non-condensing)
Probe Temp. Range: -40ºC to 200ºC
Accuracy: -5ºC to 65ºC: ±0.5ºC
Below -5ºC: ±1ºC, Above 65ºC: ±1% of reading
Response Time: 7 to 8 seconds
Battery/Life: One AA Alkaline battery/Min.10 hours
Dimensions / Weight: 150 x 30 x 50mm / 100g
Environmental: IP54

Order Information: FoodProPlus
